Synopsis:

When a visitor from beyond the stars – an impish and adorable alien called LU-LA – crash-lands near Mossy Bottom Farm, Shaun soon sees an opportunity for alien-powered fun and adventure, and sets off on a mission to shepherd LU-LA back to her home. Her magical alien powers, irrepressible mischief and galactic sized burps soon have the flock enchanted and Shaun takes his new extra-terrestrial friend on a road-trip to Mossingham Forest to find her lost spaceship. Little do the pair know, though, that they are being pursued at every turn by a mysterious alien-hunting government agency, spearheaded by the formidable Agent Red and her bunch of hapless, hazmat-suited goons. With Agent Red driven by a deep-seated drive to prove the existence of aliens and Bitzer unwittingly dragged into the haphazard chase, can Shaun and the flock avert Farmageddon on Mossy Bottom Farm before it's too late?
